# FROM THE *Executive Director*

On behalf of the Board and Staff of the Venice Institute for Performing Arts (VIPA), I welcome you to the 2022/2023 season at the Venice Performing Arts Center (VPAC). In addition to the superb offerings of The Venice Chorale, The Venice Symphony, and The Venice Concert Band, I urge you to support the Venice High School performing arts programs. Not only are they superior programs but they are the performers and entertainers of the future. Your support helps to motivate these students to gain experience and reach their true potential.

After our successful 2021-2022 season, I received an overwhelming number of requests to bring certain acts back this season. I have listened to your feedback and am glad to report that, for this season, we are bringing back: Beatles vs Stones, Rocket Man, and Queen Nation. In addition to these fine acts, we are also bringing former winners of America's Got Talent, The Texas Tenors. Since their appearance they have been successfully touring around the world the past 10 years and are in high demand. Other highlights include the return of folk sensations, The Limelitters, as well as the Jersey Boys for their act, "What a Night!" with a touch of Abba. This season we've also included stand-up comedian, Bobby Collins. To round out the season we have "Cash, Killer, and the King."

My mission is to bring the arts to this wonderful community and your support helps to make that happen. We appreciate each and every one of you. Thank you for your continued support and patronage.

## APPRENTICE *Program*

The Apprenticeship Program is a unique experience for Venice High School juniors and seniors to earn a wage and valuable skills while working on professional performances that come through the Venice Performing Arts Center. Apprentices are given the opportunity to work hands-on with industry professionals in all areas of the performing arts including lighting, rigging, sound, front of house, box office, and hospitality. These on-the-job skills are supplemented through one-on-one training via masterclasses and workshops.

This program teaches students not only valuable trade skills but also life skills including creativity, communication, collaboration, project management, critical thinking, and empathy. Students who have graduated from this program have gone on to work for the stagehands union, IATSE, work as managers for local bands, and come back to join the VIPA staff. Students have also gone on to study both performing and non-performing arts degrees at the university level.

## SPONSORS

Our sponsors share not only our enthusiasm for promoting the performing arts, but our vision for bringing people together. Each partnership is made by engaged community members who want to put the spotlight on Venice and create a true destination for culture to thrive, and a place for friends and family to immerse themselves in the performing arts. An investment in the arts is an investment in the community, and we are grateful to our sponsors who share the same vision and goals as the Institute to enrich our community for generations to come, truly making the Arts for Everyone in Venice.

## DONORS

We are so thankful for our donors who have laid the foundation for our students' futures, providing the pillars that lift them up through our educational programming. By sustaining the Institute, our donors are committing to fostering a culture of diversity and growth, and encouraging an open environment for learning. Without the strength and resolve of our most passionate and caring community members, none of this would be possible. The future for the Institute is expansive, and with the support of the community, there is nothing that cannot be accomplished for our students.
